WINCOM CONFERENCE

The 13th International Conference on Wireless Networks and Mobile Communications

IEEE ComSoc IEEE Communications Society

IEEE

Best Student Paper Award

Proudly present to:

Christopher Babitzke

and Habib M Ammari, Texas A&M University, USA

In recognition of the outstanding quality and scientific merit of the paper entitled:

Using Success-History Based Differential Evolution for k-Coverage in Wireless Sensor Networks

This award honors its originality, technical excellence, and significant contribution to advancing research in wireless networks and mobile communications at the 13th International Conference on Wireless Networks and Mobile Communications (WINCOM 2026), held on October 21–24, 2026, in Tangier, Morocco.
